Design Sign Off

Prior to completing the Design Sign Off, please ensure you are comfortable with the purpose of the Design phase and what is set in the Designs. Please ensure that you have reviewed the Designs thoroughly. Your signature below confirms that you understand the process, that you have reviewed this document thoroughly and are happy with the designs.

The purpose of Designs are to define the styles of key templates, blocks and elements.

There were a number of global styles that were set at the concept stage and have been rolled out across the designs contained within this document.

The following are used for demonstrative purposes and are not defined in this, nor any, design document:

- Content, including CMS editable copy i.e CTAs, banner text, headings etc
- Copywriting
- Photography
